

THE ROSWELL DAILY RECORD.

VOLUME 1.

ROSWELL, NEW MEXICO, FRIDAY EVENING, SEPTEMBER 25, 1903

NUMBER 164

To-Day is the Last Day of the Fair, and To-Night is Masque Night.

THE LAST DAY.

The Fair Closes To-Day After a Most Successful Four Days Meet.

MASK FROLIC TO-NIGHT.

The Mid-Way Will Be in Full Blast and Hilarity Will Reign Supreme.

As announced yesterday THE RECORD goes to press too early today to give its employees an opportunity to visit the big fair and too early to report to-day's program at the grounds. A list of awards as far as made is published in another column. As soon as the secretary makes his report it will be published in full. The day opened cloudy and cool. Many more visitors arrived on last evening's and this morning's trains. All gives promise for another big day at the fair.

To-day's chief attraction will be the roping contest. The most famous ropers of the southwest are here to contest for the \$500 prize. There will also be races and at one o'clock there will be a parade of the fine stock that has been on exhibition at the fair. The ladies' contest for the most graceful rider will also occur this afternoon.

Great preparations are being made for to-night that the fair may go out in a rollicking blaze of glory. It is the request of fair committee that all people mask to-night and get as much fun out of the closing evening as is possible. All the mid-way shows will be open and give their best performances. The Ferris wheel will continue to revolve, and all the noisy street stands will demand their share of attention. Come out to-night and make this the biggest night in Roswell's carnival history. At the same time remember the caution that was given in yesterday's RECORD. Clean conduct will be the only thing that will be allowed to be thrown. No apparel or property must be injured or destroyed. It is to be a night of innocent, rollicking fun.

Following is a list of the winners of premiums, so far as the awards have been announced:

GREETING.

Albuquerque Wants Birchtwig and our Ropers to Come to Its Fair.

BIRCHTWIG'S FAME GROWS

A Cordial Welcome Promised To Roswell's Prize Winners.

Just as THE RECORD goes to press it is in receipt of the following message of greeting from the Albuquerque Journal-Democrat. This cordial invitation should be accepted by Birchtwig and the swift ropers who contest today.

Greeting.
"Daily Record, Roswell, N. M.
"Horsemen in this section of New Mexico who have heard of the performance of Birchtwig on the Roswell track are intensely interested in the horse that can drag down territorial records at the rate of five seconds a clip. In spite of the fact that the best horses in the west are to be in Albuquerque during the coming race meeting at the Territorial Fair there will few among them with as good a record as the Pecos Valley animal to sustain the record of the New Mexico racing fraternity. The horsemen of this section are at the fair to go against the fast ones that are coming from Colorado. With this record of 2:09 Birchtwig would be very apt to figure prominently in the free for all. The fast ropers at Roswell this week are all expected at Albuquerque next month to take their share of two thousand dollars purse which is hanging over the cowboys' tournament."
"JOURNAL-DEMOCRAT."

WORK ON THE EASTERN.

Santa Fe Central Connection to Albuquerque to be Pushed From the Present Time On.
From Journal-Democrat.
W. S. Hopewell, W. H. Andrews and Arthur Kennedy, the promoters and managers of the Santa Fe Central and Albuquerque Eastern railroads arrived in Albuquerque last night from Santa Fe and will be here for several days. They have just received the Santa Fe Central between Santa Fe and Torrance, and as a result of this final inspection the road will soon be turned over by Mr. Hopewell to the operating department. When this is done Mr. Hopewell will devote his time to the work of completing the Albuquerque Eastern and the branch to the coal fields at Hagan. He is going east in a few days for a short vacation and for medical treatment, and when he returns will take the field to superintend the construction of the Albuquerque connection. Messrs. Andrews and Kennedy are highly pleased with the physical condition of the Santa Fe Central.

Invest in Real Estate.
H. W. Stevens and his brother-in-law Robert McKee, who have been here the past week leave tomorrow for their home in Illinois. They have bought of Graham & Brown 320 acres of good Pecos Valley land as an investment. Mr. Stevens is the assistant Registrar of the Cumberland University at Lebanon, Tennessee.

Work Resumed Wednesday.
Kansas City, Sept. 23.—Work was resumed yesterday on the construction of the Rock Island extension from Amarillo, Texas to Tucumcari, N. M., which was suspended several weeks ago. Grading is now in progress on both ends of the line.

Texas State Fair.
